

This is an example of the Goldilocks font by Bill Roach — created on August 1st, 2009. This is my very first font!

It looks good in red,

It looks good in blue,

It looks good in green,

It looks good in gold,

It looks good like this, And it looks good in bold!

Underlined it really looks very, very nice.

It's a really cool font — and you can't beat the price!

free as in beer? No - it's freer than that.

Yes I am rhyming — but I'm no Cat In The Hat.

I'm just an odd little fellow that's artsy and crafty,
making cool stuff in my room that's so drafty.

Wishing you all a nice life full of zings.

This cool font reminds me of The Lord Of The Rings.

Put on your elf ears and dance 'round a bush,

I'll just sit hear and type while I sit on my tush.

My friends — God bless you all.
